THE JERSEY CITY MURAL ARTS PROGRAM

Artist from Miami, DaveL and His Mural of Nelson Mandela

445 MLK Drive Mandela The Power of Forgiveness DaveL

As a native Floridian, DaveL has always been inspired by his tropical surroundings. His detailed linework is a style which he spent years cultivating and focusing on aquatic elements with vibrant colors and fluid compositions.

"...focusing on aquatic elements with vibrant colors and fluid compositions."

DaveL works with several different mediums including: Acrylic, oil enamel, oil pastel, aerosol and mixed media. His compositions and use of color attract and emit movement, allowing for a visual narrative to materialize.

He sees art as a meditative process, as is the repetition of line and form.
