MEMORANDUM

DATE: April 2, 2014

TO: The Hon. Rolando Lavarro, President, Jersey City Municipal Council
Municipal Council Members

FROM: Vera Smith, Assistant Health Officer

SUBJECT: *Ordinance to Increase License Fees*

While looking for avenues to properly fund our programs, we discovered that our license fees have not been adjusted in over twenty two years!

When we reviewed our license fee schedule and compared it to similar local municipalities we found our fees were the lowest in the Hudson and Essex County area. Additionally we found our license fees are for the most part, half of what other municipalities are charging in the same licensing categories.

When we looked at the cost of operating the licensing bureau with equipment and clerks and conducting the inspections and food complaint investigations with equipment and inspectors we found the current license fees are not sufficient to support the services the department must provide. It should also be noted that during this same period of time the number of establishments have proliferated making bigger demands on the department without adequate compensation.

It is clearly time to adjust the license fees from the 1992 level into present day realities. In order for our programs and services to operate effectively the establishment license fees must be adjusted to more closely mirror the cost for providing the licensing, routine inspection and complaint inspection services to these establishments. The new fee schedule that we have submitted for your approval, hopes to do just that.

C: Stacey L. Flanagan, Director
Nilda Guivas, Health Officer

Ordinance Purpose

Designating Barrow Street as a "one way" south, Newark Avenue to Columbus Drive will prevent motorists from using Barrow Street as a cut-through street.

Reversing the direction of Bay Street between Erie Street and Newark Avenue to a "one way" east, will facilitate traffic calming and circulation. The direction of Bay Street will be restored to as it once was. Police Headquarters has moved from Erie St @ Bay Street, so they will not be affected by the change.

Both traffic changes will result in better traffic circulation and traffic calming on the downtown streets.
